

WEDNESDAY, 4th APRIL

16:00 - 17:00h BLOCK 1: CAROTID DISEASE

Moderator: Ignacio Sánchez Nevárez (Hospital la Fe)
Comments: Alejandro González García (Fundación Jiménez Díaz)
Álvaro Torres Blanco (Hospital Dr. Peset)
Isaac Martínez López (Hospital Clínico San Carlos)

SHOULD WE TREAT ASYMPTOMATIC PATIENTS?

We should never treat asymptomatic patients: This is the evidence.
Xabier Cabezuelo Adame (Hospital de Galdakao)

I selectively treat patients with asymptomatic stenosis.
Laura Velásquez Castañeda (Hospital Xeral - Calde de Lugo)

WHICH IS THE BEST SURGICAL STRATEGY?

I always perform open surgery: This is the evidence.
Emma Espinar García (Hospital de Bellvitge)

I selectively use endovascular approach and this is when.
Mariana Moutinho (CHLN - Hospital Santa María)

17:00 – 17:15h INDUSTRY SPEECH: WHICH IS THE BEST CAROTID STENT

WEDNESDAY, 4th APRIL

17:15 - 19:00h **BLOCK 2: AORTIC DISEASE I**

Moderator: Carlos Vaquero Puerta (Hospital de Valladolid)
Comments: Teresa Solanich Valldaura (CS Parc Taulí)
Frederico Bastos Gonçalves (CHLC - Hospital de Santa Marta)
Luis Franco (Hospital Xeral - Calde de Lugo)

17:15 - 17:45h **ARCH AND THORACIC AORTA**

Summary of surgical techniques. How we deal with difficult cases.
Andrés Reyes Valdivia (Hospital Universitario Ramón y Cajal)

17:45 - 18:00h **INDUSTRY SPEECH:
EVIDENCE FOR ARCH BRANCHED ENDOVASCULAR DEVICES.**

18:00 - 18:45h **THORACOABDOMINAL AORTA
WHICH DEVICES CAN WE USE TO TREAT THIS DISEASE?
Technical aspects of endovascular procedures**

Devices and Technical aspects.
Laura Gálvez Núñez (Hospital Universitario La Fe)

Which is the evidence for total endovascular repair? Is it really better?
Cristina Alzate Arsuaga (Hospital Universitario de Donostia)

Should complex thoracoabdominal aneurysms pathology be centralized? Does it really offer better results?
Rita Ferreira (CHLC - Hospital de Santa Marta)

18:45 - 19:00h **INDUSTRY SPEECH:
CUSTOM MADE DEVICES TO TREAT THORACOABDOMINAL AORTIC
ANEURYSMS: INTERNAL AND EXTERNAL BRANCHES.**

THURSDAY, 5th APRIL

08:30 - 11:00h BLOCK 3: AORTIC DISEASE II

Moderator: Manuel Vallina Victorero (Hospital de Cabueñes)
Comments: José Luis Fernández Casado (Hospital de Getafe)
Melina Vega de Céniga (Hospital de Galdakao)
Felipe Neri Arribas Aguilar (Hospital Puerta del Mar)
Gabriel Anacleto (Centro Hospitalar da Universidade de Coimbra)

08:30 – 10:30h ABDOMINAL AORTA HOW DO I DEAL WITH A RUPTURED ABDOMINAL ANEURYSM?

I always perform endovascular approach: This is why
Marina Hebberecht López (Complejo Hospitalario de Granada)

I always perform open surgery and this is why
Miguel Gomes (CHLN - Hospital Santa María)

WHAT IS A HOSTILE NECK? DOES IT REALLY EXIST?

Defining a hostile neck
Roger Rodrigues (Hospital de Coimbra)

These are the results when dealing with hostile neck anatomies
Carol Elizabeth Padrón Encalada (Hospital Universitario Central de Asturias)

THE ROLE OF OPEN REPAIR IN THE ENDOVASCULAR ERA
Cristina Sierra Freire (CH Universitario de A Coruña)

HOW CAN I TREAT AN INFECTED ENDOGRAFT?
Gergana Todorova Taneva (Fundación Jiménez Díaz)

WHAT ARE THE MAIN CAUSES OF REINTERVENTION IN EVAR?
AND IN OPEN REPAIR?
Ana Margarita Ruales Gómez (Hospital Puerta del Mar)

WHICH IS THE BEST TECHNOLOGY TO DETECT AN ENDOLEAK?
Marvin Ernesto García Reyes (Hospital Vall d'Hebrón)

THURSDAY, 5th APRIL

10:30 – 10:45h

INDUSTRY SPEECH:

«Фабрика» компания

THE USE OF CORDIS INCRAFT TO DEAL WITH DIFFICULT ACCESS ANATOMIES

Self-coffee break during talks

11:00 - 13:10h

BLOCK 4: AORTIC DISEASE III

Moderator: José Antonio del Castro (Hospital Central de Asturias)

Comments: Luis Silvestre (CHLN - Hospital Santa Maria)

Ivone Silva (Hospital San Antonio)

Pilar Vilariño (Hospital Universitario de A Coruña)

11:00 - 12:00h

AORTIC DISSECTION

IS THERE ENOUGH EVIDENCE TO SUPPORT SURGICAL TREATMENT FOR UNCOMPLICATED AORTIC DISSECTION?

IN CASE OF NO COMPLICATION, ALL SHOULD RECEIVE ONLY MEDICAL TREATMENT

What is nowadays a complicated dissection?

Marta Garnica Ureña (Hospital Ramón y Cajal)

Summarizing evidence for best medical treatment.

Ilse Verónica Laime Álvarez (Hospital de Getafe)

EVEN IF NO COMPLICATED, THERE IS A BENEFIT FOR TEVAR.

Evidence for TEVAR in dissection.

Techniques for TEVAR treatment in dissection.

Nancy Coraizaca Chicaiza (Complejo Hospitalario de Santiago)

THURSDAY, 5th APRIL

12:00 - 12:10h Small Coffee Break

12:10 - 12:40h **HYPOGASTRIC**
SHOULD WE TRY TO SAVE ALL THE HYPOGASTRIC ARTERIES IN
AORTO-ILIAC / ILIAC ANEURYSMS? TO OCCLUDE OR NOT TO
OCCLUDE... THAT IS THE QUESTION

Yes, save them all.

Renato Jiménez Román (Hospital La Paz)

No, only in selected cases.

Ricardo Ferreira (Centro Hospitalar São João)

12:40 - 13:10h **OCCLUSIVE DISEASE**
SHOULD I GO OPEN OR ENDOVASCULAR?
WHAT IS THE CURRENT EVIDENCE?

I prefer open surgery when feasible.

Joao Rocha Neves (Centro Hospitalar São João)

I prefer endovascular approach and this is why.

Omar Zacapa (Hospital Dr. Negrín)

13:10 - 13:25h **INDUSTRY SPEECH:**
GORE DELIVERING PERFORMANCE: TODAY AND TOMORROW

13:25 - 16:30h LUNCH AND WORKSHOP SIMULATORS (NON-STOP)

THURSDAY, 5th APRIL

16:30 - 17:30h BLOCK 5: PERIPHERAL DISEASE

Moderator: Javier Río Gómez (Hospital Gregorio Marañón)
Comments: Albert Clará Velasco (Hospital del Mar)
Joana Martins (Hospital San Antonio)
Dr. Jose M^a Romero (Hospital Santa Creu i Sant Pau)
Ángel Flores (Hospital Virgen de la Salud)

16:30 - 17:00h POPLITEAL ANEURYSMS

I DO IT ALWAYS OPEN AND THIS IS THE EVIDENCE.

Iñaki Cernuda (Hospital Clínico de Madrid)

I TREAT SOME PATIENTS ENDO AND THIS IS WHY.

Santiago Estébanez Seco (Hospital Universitario de Toledo)

17:00 - 17:30h OCCLUSIVE DISEASE COMMON FEMORAL ARTERY IS THERE A ROLE FOR ENDOVASCULAR TREATMENT OF CFA?

Yes

Francisco Nogueras Carrillo (CS Parc Taulí)

No

Joao Pedro (CHP - Hospital Santo António)

17:30 - 17:45h Small Coffee Break

17:45 - 19:45h BLOCK 6: PERIPHERAL DISEASE II

Moderator: Javier Villaverde Rodríguez (Hospital Universitario Santiago)
Comments: Jorge Vidal Rey (Hospital Álvaro Cunqueiro)
Isabel Vilaça (CHP - Hospital Santo António)
Marcos del Barrio Fernández (Clínico de León)
Antonio Romera Villegas (Hospital de Bellvitge)

17:45 - 18:15h SUPERFICIAL FEMORAL ARTERY SHOULD WE ALWAYS MAKE A FIRST ENDO APPROACH FOR SFA LESIONS?

Yes

Diana Gutiérrez Castillo (Hospital Clínico de Valladolid)

No

Vitor Ferreira (CHP - Hospital Santo António)

THURSDAY, 5th APRIL

18:15 - 18:45h

**POPLITEAL ARTERY
CAN WE PUT A STENT IN THE “NO-STENT” ZONE?
WHAT’S THE CURRENT EVIDENCE?**

Yes

Marta Garnica Ureña (Hospital Ramón y Cajal)

No

Luis Ángel Suárez González (Hospital de Cabueñes)

18:45 - 19:00

**INDUSTRY SPEECH:
WHICH GUIDEWIRE TO USE IN WHICH CASE.
MAKING THE PROCEDURE EASIER.**

19:00 – 19:45h

**INFRAPOPLITEAL
WHICH SHOULD BE OUR FIRST APPROACH TO TREAT CRITICAL
LIMB ISCHEMIA FOR BK DISEASE?**

Endovascular approach always.

Claudia Sosa Aranguren (Hospital del Mar)

Why not hybrid?

Vicente Molina Natcher (Hospital Dr. Peset)

**WHICH TECHNIQUES DO I KNOW TO OVERCOME WITH DIFFICULT
RECANALIZATION?**

Octavio de la Torre Scherak (Hospital Gregorio Marañón)

FRIDAY, 6th APRIL

09:00 - 11:00h BLOCK 7: VENOUS DISORDERS

Moderator: Ivan Constenla García
(Hospital Vall d'Hebrón)

Discussers: Luis Riera del Moral (Hospital La Paz)
Eva Martín Herrero (Hospital Lozano Blesa)
Rafael Ros Vidal (CH Universitario de Granada)

THROMBOTIC HOW SHOULD WE DEAL WITH ILIO-FEMORAL ACUTE THROMBOSIS?

Results with thrombectomy.
Xián Fariña Casanova (Hospital Álvaro Cunqueiro)

Anticoagulation alone.
Rommel Patricio Montalvo (Hospital 12 de Octubre)

The ATTRACT Trial
Gonzalo Yunge Del Pozo (Hospital Clínico Universitario Lozano Blesa)

VENOUS INSUFFICIENCY IS THERE ANY SIGNIFICANT DIFFERENCE BETWEEN STRIPPING AND ENDOABLATIVE TECHNIQUES?

Gemma Muñoz García (Hospital Santa Creu i Sant Pau)

11:00 - 11:15

Medtronic

INDUSTRY SPEECH:
RESULTS WITH RADIOFREQUENCY AND VENA-SEAL FOR VENOUS
INSUFFICIENCY TREATMENT. WHEN, HOW AND WHY.

11:15 - 11:30

Farewell coffee & Mini sandwiches
